

# Diamond at AGUA

Advanced organic microdermabrasion with oxygen therapy using liquid mineral infusion

## Dermabrasion

To gently peel back the layers by removing surface skin cells, to increase and regulate cell turnover and collagen production to reveal a fresh, smooth, more youthful skin.

Oxygen infusion & liquid minerals breath life back into the skin.

Remineralises, restoring vibrance and radiance to your skin, resulting in a glowing complexion.

Immediate visible results after one treatment.

Amazing results with a course of treatments.

This is a celebrity favourite sophisticated facial.

Can treat many skin types & conditions:

- ★ Acne breakouts, Acne scarring
- ★ Enlarged pores, milia
- ★ Skin pigmentation, marks
- ★ Sun damaged, premature aging
- ★ Character lines, fine lines

It's time to reveal yourself and breathe life back into your skin!

We recommend all clients take a sensitivity patch test at least 24 hrs before your colouring appointment
